Whether you are looking for a classic clean look or you want to shake things up with something cutting edge, we're the place to go. Our stylists are trained to work with all different types of hair and can handle everything from a simple trim to a complete makeover. We provide military cuts, flat tops, tapered cuts, fades, mohawks and more.

You can get more than a haircut at Uptown Barbershop. We also provide a host of barbershop services, such as shaves and beard and mustache trims. If you need a shave, schedule an appointment for an old fashioned straight shave and you'll swear your face has never felt so smooth. We also offer traditional shaves and hot towel shaves. Whatever barbershop service you need, we are certain we can provide it. When you're looking for a premier barber in 85014, call Uptown
